**DETAILED ACTION**

***Response to Amendment***

1. This action is in response to the communication filed on 7/7/06.
2. Claims 3, 10-12, and 15 have been cancelled in this amendment.
3. Claims 21 and 22 have been add in this amendment.
4. Claims 1, 2, 4-9, 13, 14 and 16-22 are pending in this action.
5. Claims 1, 2, 4-9, 13, 14 and 16-22 are allowed.

***Allowable Subject Matter***

Claims 1, 2, 4-9, 13, 14 and 22 are allowed.

The following is an examiner's statement of reasons for allowance:

**As per claims 1, 2, 4-9, 13, 14 and 22:** the claims are directed to a method of remotely controlling functions in an apparatus via a remote control device, wherein the remote control device acts as an intermediate device by receiving a control message over a wireless communication channel and generates information request signal to an external apparatus the result of which is transmitted by the remote control device as a reply message to the address from which the control message was originated. The prior art of record does not teach or fairly suggest acquiring status information relating to an apparatus, external to the remote control device, using the steps as recited in claims 1 and 13, and further argued by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
